with the UK market and allowing them to openly discuss all their export related concerns effectively.

- **Digital Event on MyData Platform - BHCC & AS Network**

The event was co – organized by the British Hellenic Chamber of Commerce and AS Network Solutions, one of the largest networks of companies in Greece in the field of financial, accounting, audit, tax advisory and payroll services.

Mr Stavros Petridisoglou, AS Tax Partner, who facilitated the discussion, laid particular stress on the necessity of training people – especially those in accounting positions – and how to use the platform as a handy digital base, automatizing the formerly time consuming process of invoice cross checking among companies and organisations. Every participant had their chance to submit their queries during the Q&A time given at the end of the webinar.

- **BHCC Support to "The Future of Retail: A Leader's Executive Dinner" with Lord Marc Price organised by Boussias Communications**

Lord Mark Price, honoured the virtual meeting as the Keynote Speaker, attracting the participants' undiminished interest to focus on the future of retail. What has the experience of COVID-19 taught us about the environmental impact of our economies and how we can move forward? The British Embassy Athens collaborated with The Institute of Chartered Accountants in England and Wales (ICAEW) and WWF Greece to address the issue of sustainable responses to the global pandemic in a way that supports Greece in making full use of the EU fund, thereby combatting unemployment and poverty while opening up the economy to dynamic, innovative sectors. 08 October 2020: BCC responds to updated Border Operating Model

Commenting on the government's updated Border Operating Model, BCC Director of Trade Facilitation Liam Smyth said:

"Today's announcement of a revised Border Operating Model provides some more of the detail that was missing from the version published less than 12 weeks ago. Duty deferment accounts and postponed VAT accounting will both help firms' cashflow as we enter a period of huge change at our borders".

"However, as highlighted in our recent unanswered questions document, businesses still have many areas where they urgently need more certainty, such as how the border between Northern Ireland and Great Britain will operate, clear guidance on rules of origin, which will only be done by ramping up government engagement with business".

"With just over 80 days until the end of the transition period, the businesses that produce the £300bn of UK exports to the EU are desperate for news of a comprehensive free trade agreement that will provide jobs and future prosperity across the United Kingdom".

08 October 2020: New guidance on £9 billion Job Retention Bonus

Further information has been published on **how businesses can claim** the UK government's Job Retention Bonus. The Job Retention Bonus, worth up to £9 billion is set to support millions of employers who have kept on furloughed workers.

Businesses can claim from 15 February until 31 March 2021. **Find out if you're eligible** and what you need to do to claim. See further details about the Job Retention Bonus on the BCC's **Coronavirus Hub**.
